

Client Relationship Summary – Form CRS

Is An Investment Advisory Account Right For You?

There are different ways you can get help with your investments. You should carefully consider which types of accounts and services are right for you.

Item 1. Introduction

Strategic Wealth Group Registered Investment Advisor, LLC is an investment advisor and provides advisory services for a fee rather than for brokerage commissions. As a retail investor, it is important to understand the differences between services and fees of an investment advisor and a broker-dealer. *Investor.gov/CRS* offers free and simple tools to research firms and financial professionals. Additionally, it also provides educational materials about broker-dealers, investment advisors, and investing.

Item 2. Relationships and Services

What investment services and advice can you provide me?

We offer the following investment advisory services to you:

Asset Management: We will offer you advice on a regular basis. We will discuss your investment goals, design with you a strategy to achieve your investment goals, and regularly monitor your account. We will monitor your account on a discretionary basis (we can buy and sell investments in your account without asking you in advance) and/or a non-discretionary basis (you make the ultimate decision regarding the purchase or sale of investments). We do not limit advisors to proprietary products or a limited menu of products and types of investments. This service will continue pursuant to the terms of the executed Advisory Agreement. We do not have a minimum to open an account.

Financial Planning: Services will be provided to you based on your selection on the Advisory Agreement and may include, but are not limited to, a review of investment accounts, including reviewing asset allocation and providing repositioning recommendations; strategic tax planning; a review of retirement accounts and plans that have recommendations; a review of insurance policies and recommendations for changes, if necessary; one or more retirement scenarios; estate planning review and recommendations; and education planning with funding recommendations. Services will be considered complete upon delivery of the plan.

Solicitor Services: We solicit the services of Third-Party Money Manager(s) (“TPM”) to manage your account(s). We act as the liaison between you and the TPM in return for an ongoing portion of the advisor fees charged by the TPM. We help you complete the necessary paperwork of the TPM, provide ongoing services to you, and will provide the TPM with any changes in your status as you provide them to us. We will deliver the Form ADV Part 2, Privacy Notice and Solicitors Disclosure Statement of the TPM. We do not have discretion on these accounts.

ERISA Services: We serve as a limited scope ERISA 3(21) Fiduciary that can advise, help and assist plan sponsors with their investment decisions on a non-discretionary basis. Plans are monitored on an ongoing basis. We have a fiduciary duty to act in the best interest of the Client. The plan sponsor is still ultimately responsible for the decisions made in their plan, though using us can help the plan sponsor delegate liability by following a diligent process.

Some of our Financial Professionals are registered representatives of LPL Financial LLC (“LPL”), an SEC registered broker-dealer and investment adviser. Your Financial Professional may offer you

brokerage services through LPL or investment advisory services through our Firm. Brokerage services and investment advisory services are different, and the fees we, and LPL, charge for those services are different. It is important that you understand the differences. Your Financial Professional may earn additional transaction-based compensation and have additional conflicts of interest as a result of providing brokerage services through LPL. You are encouraged to learn more about LPL by reviewing <https://www.lpl.com/disclosures.html> and having a discussion with your Financial Professional. You can also access free and simple tools to help you research firms and financial professionals at *Investor.gov/CRS*, which also provides educational materials about broker-dealers, investment advisers, and investing.

Additional Information

For more information about our services, we recommended reading our ADV Part 2A Items 4, 5, 10, and Appendix 1.

Item 3. Fees, Costs, Conflicts and Standard of Conduct

What fees will I pay?

We are paid for our services as follows:

Asset Management: The amount paid to our firm and your financial professional generally does not vary based on the type of investments selected on your behalf. The asset-based fee reduces the value of your account and will be generally deducted from your account. Some investments (such as mutual funds and variable annuities) impose additional fees that will reduce the value of your investment over time. Also, with certain investments such as variable annuities, you may have to pay fees such as “surrender charges” to sell the investment. Our fees vary and are negotiable. Generally, the more assets you have in the advisory account, the more you will pay in total fees. We therefore have an incentive to increase the assets in your account in order to increase our fees. You will also pay a transaction fee when we buy and sell an investment for you if you do not participate in our wrap program. The asset-based fees you will pay for our wrap fee program will include most transactions costs and fees to a broker-dealer or bank that has custody of these assets, and therefore are higher than a typical asset-based advisory fee. You will also pay fees to a broker-dealer or bank that will hold your assets (called “custody”). You pay our advisory fee even if there were not transactions within the account.

Financial Planning: We charge an hourly or fixed fee with a deposit payable upon signing the Advisory Agreement and the balance upon delivery of the plan.

Solicitor Services: Our firm and our associated persons may be paid a portion of the fees charged and collected by the TPM in the form of solicitor fees or consulting fees. Our fees are negotiable depending on the size, complexity of the client’s account(s), the experience and training of the advisor and other business considerations. This situation creates a conflict of interest because we may select a TPM

who would pay us a larger percentage of the fee. This conflict is mitigated by our fiduciary duty and adherence to our code of ethics. When referring clients to a TPM, the client's best interest will be the main determining factor.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more information regarding our fees and costs, review ADV Part 2A Item 5.

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means.

Revenue Sharing: We have an arrangement where we share in a portion of the management fee with TPM. This does not change the cost to you, it is a sharing arrangement paid from the TPM's portion of the advisory fee. The TPM will pay us a percentage of the net billing. This situation creates a conflict of interest because we may select a TPM who would pay us a larger percentage of the fee. This conflict is mitigated by our fiduciary duty and adherence to our code of ethics. When referring clients to a TPM, the client's best interest will be the main determining factor.

Commissions: Our associated persons may receive commissions from the sale of insurance and/or securities products. This conflict is mitigated by our fiduciary duty and adherence to our code of ethics. When referring clients to purchase insurance, the client's best interest will be the main determining factor.

Referrals: We receive client referrals from third parties to whom we pay referral fees. This is a conflict of interest because we have an incentive to pay referral fees so that the third parties will refer clients to us that they otherwise might not refer to us.

How might your conflicts of interest affect me, and how will you address them?

Additional Information

For more information about our conflicts of interest, we recommend reading our ADV Part 2A, Items 4 and 10.

How do your financial professionals make money?

Our financial services professionals are compensated on a portion of the total advisory fees received by us, hourly or fixed fees, sales commissions, soft dollar arrangements and trips and attendance to conferences, including meals and entertainment, for meeting certain levels of business.

This is a conflict of interest because our financial professionals have an incentive to encourage you to increase your assets in your

accounts, recommend our advisory services to you, and recommend you purchase investments that result in additional compensation to them. For more information about our conflicts of interest, we recommend reading our ADV Part 2A, Items 4 and 10.
